Match No. 10

Date: **16th September 2007.**

Venue: **Linton Park Lake, Kent.**

Conditions: The day started misty but soon burnt of once the sun got higher. A sunny day with cloudy periods but with a very light breeze at times. Cold on the East bank side, whilst the 'oaks' round to the 'point' enjoyed the sunshine. Water level was slightly down, 'stile' bay seams to be getting shallower.

Summary: A good turn out no doubt spurred on by Don's recent success in being outright winner of the KFCA Championship!

Whilst there were no big catches of Bream like last time there were still some respectable bags. A variety of baits were used maggot, soft pellet & corn being the favoured. Pole & feeder were the most productive methods.

Now that the trees are turning looks like autumn is here with the leaves starting to drift down over the lake & that slight nip in the air.
