2008 Summer League.

Match No. 12

Date: 19th October 2008.

Venue: River Beult, Cross-at-Hand, Kent.

Conditions: A still misty start to the day with no wind for the first few hours making it ideal for float fishing. Later in the morning the wind got up to be quite strong & cold however there were a few sunny spells later in the day to warm things up a fraction. Water level normal but very clear could have done with some rain earlier in the week to bring the fish on!

Summary: A poor turn out with only 8 competitors, winter is here! From the results it was obvious that the river was fishing slow, the fish just weren't interested, even the pike didn't show. The 'pole' was the order of the day with a few trying the 'feeder' once the wind got up. Only two anglers managed to break into the 'pounds' barrier with the others just managing a few ounces of Roach or Bleak. Colin managed to miss his net with a specimen Bleak!
The Bream & Tench just didn't show even in the deep sections.
Still at least none of us blanked!
