2008 Winter League.

Match No. 3

Date: **9th March 2008.**

Venue: **Staplehurst Reservoir, Kent.**

Conditions: Windy, cloudy, but with no rain initially & with the odd sunny periods however it rain at the end!

Summary: So it was back to Staplehurst again, with bad weather & storms forecast all competitors brought their brollies! Another soggy walk through the orchard to full reservoir.

Competitor wise again it was lower that expected for this venue with just 10, for one reason or another some of the regulars were missing. It was a case of a good swim draw & hoping for the Carp & Bream to make up the weights. Most concentrated on the feeder to begin with then switching to the pole or waggler to try for the Roach & Perch. Maggots were to be the most productive bait.

At least all the competitors weighed it this time!
