2005 Summer Monday evening comps.

Match No. 3

Date: **18th July 2005.**

Venue: **River Medway, Watlingbury, Kent**

Conditions: Mainly cloudy, sunny periods, wind moderate, cooler than of late.

Summary: The best evening yet. The fish were really feeding well all evening. About 50 lb. of fish caught in 4 hours tells the story! There are a lot of Skimmers in the stretch at the moment. Well done to Malcolm Paye, once again he caught on the waggler, rod & line, this time fishing with bread flake; he would have had a lot more but for the moderate breeze. Everyone had mixed bags, you need to use a lot of loose feed, the fish are really hungry. Float fishing produces the best results. Sweetcorn is good bait at the moment – the Bream love it!
