Sid Flood Memorial 'Roach only' Match

Date: **17th June 2007.**

Venue: **River Beult, Cross at Hand, Nr. Staplehurst, Kent.**

Conditions: Warm with a changeable breeze. The water was surprisingly clear, considering the rain the previous day, with little or no flow.
The only movement on the water was provided by the wind.

Summary: Our first match on this new stretch of the river, a beautiful section. The pegs were spread over the first two fields, with the best catches coming from the centre section.
Pike proved to be a problem in some areas with a few break off's!
Several members also got smashed up as they hooked into something larger than expected, Kevin managed to land a nice 4lb 7oz Tench on a size 20 hook and single red maggot!
Most used the pole or waggler, as far as bait went, from what the lads were saying afterwards, bread, corn and hemp were all used unsuccessfully leaving the humble red maggot with the honours. Well done to Don for another good bag.
All in all again it was a lovely day by the river, warm & dry, makes a change from all the rain we've been having recently, for some it was a shame there weren't more Roach.
